

Applied Dynamics International  
invites you to attend

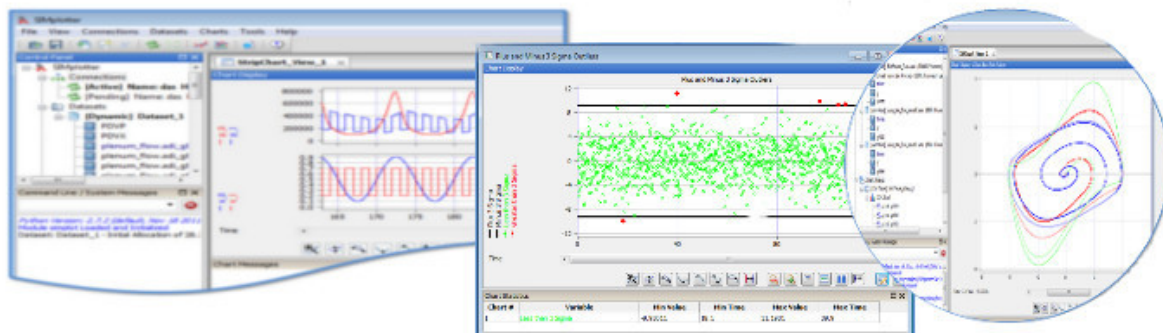

# ***SIMplotter***

## *Tips & Tricks*

# Thursday, May 25th 2:00 - 3:00

High-Performance Plotting and Analysis

SIMplotter is a powerful tool used for live data visualization as well as post processing and analysis. In this webinar, we will reach beyond SIMplotter's intuitive interface to explore many of the additional features that have been added to increase users' ability to stream and analyze data efficiently and produce results.
